VOLUME XXXVIII. NO. 291

SEYMOUR, INDIANA, TUESDAY, DECEMBER 2, 1919.

PRICE TWO CENTS.

EARLIER CLOSING ORDER IS GIVEN

Retail Merchants Will Close Their Stores at 5 O'clock Each Afternoon Except Saturday.

BIG CROWD ATTENDS MEETING

Drug Stores and Confectioneries to Remain Open Until 9:30—Theatres Will Close at 10:30.

The council chamber in the city building was crowded Monday night when merchants and other business men who responded to the call of Mayor C. W. Burkart to discuss the fuel situation in Seymour. The business men went into the matter thoroughly and unanimously approved an earlier closing hour in the afternoon. The merchants agreed to close their stores at 5 o'clock each afternoon except Saturday, to become effective today and to continue until December 15.

By the schedule perfected at the meeting the retail merchants in all kinds of business will close their stores at 5 o'clock each afternoon except Saturday on which day the stores will remain open until 9:30. Electric display signs, display window lights are not to be used during the period of time that the schedule is in effect.

Office buildings will close at 5 o'clock each afternoon and will not open until the following morning. Physicians' offices are excepted.

Barbershops will close at 6 o'clock each evening except Saturday.

The theatres will discontinue matinees except on Saturday and will close each evening at 10:30.

Drug stores, cigar stores and confectioneries will close each evening at 9:30.

Pool rooms are to open each day at 1 p. m. and may remain open until 10:30 p. m.

Everyone is requested to conserve lights at home by turning out all unnecessary lights at all times.

The above schedule was perfected in order to conserve as much fuel possible for the Interstate Public Service Company so as to stave off a more strenuous closing schedule as long as possible, which is certain to come if the coal situation does not improve soon, according to local business men. A request has been made by state authorities that business be suspended here at 4 p. m. each day but it is the belief of merchants that at present, it will be possible to keep the stores open until 5 o'clock for a few days without forcing a heavy strain on the light company's coal supply.

The meeting at the city building Monday evening was called to order by Mayor C. W. Burkart, who presided. Among the local business men who spoke on the closing subject were Nathan Kaufman, W. L. Johnson, T. S. Blish, M. Haber, Eli Shapiro, Edward Pettermann and C. E. Weithoff.

J. L. Frost, manager of the Interstate Public Service Company, was present at the meeting and explained

BOND IS APPROVED

J. Paul McMillan Gives Personal Bond for \$100,000.

The county commissioners in session at Brownstown Monday approved the personal bond given by J. Paul McMillan, of Medora, county-treasurer elect, for \$100,000. Mr. McMillan will take his office January 1. The total wealth of parties who signed the bond is said to exceed several times the amount of the treasurer's bond.

Funeral Wednesday.

The funeral of Zachariah T. Marling, aged resident who died Monday morning, will be held from the home of Lon Meyers in Glenlawn, Wednesday afternoon at 2 o'clock. Interment will be in Riverview cemetery.

STORES PREPARING FOR HOLIDAY RUSH

Scarcity of Merchandise Will Result in Early Shopping While The Stocks are Completed.

DEALERS FACE NEW PROBLEMS

Christmas Trade Already Starting Which Indicates Volume of Business Will Be Large.

Nineteen more shopping days until Christmas.

The average Christmas shopper may regard the beginning of the holiday week a long time away and may feel there is no especial hurry about making selections of Christmas gifts. But this year conditions are unusual and if the Christmas shopper delays his buying until a few days before December 25, he will very likely find that the "unusual conditions" are striking close to home.

Merchants this year have been advocating early Christmas shopping. They are doing so not alone for personal reasons. They are face to face with unusual trade conditions and they realize that they may affect the shopper who delays his holiday buying until he has completed all other Christmas preparations.

In the first place merchandise is limited this year. When the orders for Christmas stocks were filed the retailers were given no assurance

JUDGE DECIDES IN FAVOR OF VERNON

Jennings County Court House Fight is Decided in Lower Court by Lawson B. Mace.

WILL GO TO HIGHER COURT

Decision is Given on Grounds That Election Was Not Called at Proper Time.

Lawson B. Mace, a Scottsburg attorney acting as special judge in the Jennings county court house case, which was tried at Vernon last week rendered a decision Monday favoring the Vernon residents who are making a fight to prevent the county seat from being moved to North Vernon. North Vernon people are dissatisfied with the decision rendered by Special Judge Mace and plans are being made to carry the case to a higher court.

In rendering his decision the special judge stated that according to the evidence the county officials had not called the special election according to law. He pointed out that the law provides the election can be called in not less than 10 days nor more than ninety days after being approved by the board of commissioners. The attorneys for Vernon contend that almost a year elapsed before the election was called and evidence was introduced accordingly. Judge Mace held that the law gov-

COUNTY COMMISSIONERS WILL MEET DECEMBER 22

Will Allow All Claims Against The County Made This Year on That Day.

Before closing their regular monthly session Monday the county commissioners decided to meet in special session on Monday, December 22, for the purpose of cleaning up work for the year 1919. All claims will be allowed on that day and persons having bills against the county are requested to file them with the county auditor on or before December 17.

Several matters of importance will come before the commissioners at the special session for their transaction. Contracts for stationery and supplies for the county offices and for sewer pipe to be used in road construction will be let on that day.

BIG PRODUCTION AT PRINCESS

Natalie Talmadge Supports Sister Norma in New Play.

Natalie Talmadge, youngest sister of the Talmadge trio, is a member of the east supporting Norma Talmadge in her new Select special, "The Isle of Conquest," which comes to the Princess theatre for two days beginning tomorrow.

In her role of "Janie," Natalie appears as a sister to Norma in her screen character and it is said that her delineation of the part is so clever that critics already are hailing her as a future luminary of the screen.

"The Isle of Conquest" is from the famous novel, "By Right of Conquest," by Arthur Hornblow, and was adapted to the screen by Anita Loos and John Emerson. Edward Jose directed the picture and Wyndham Standing is the leading man.

MORE MINERS QUIT WORK. UNION OFFICER ASSERTS

William Green Says 14 Per Cent. Increase Offer Keeps Men From Returning.

By United Press Indianapolis, December 2—Offers of a fourteen percent, wage increase posted at coal mines throughout the country yesterday caused more miners to walk out and did not induce any of the striking mine workers to return, William Green, secretary-treasurer of the United Mine Workers announced today. Green just returned to his office from the Washington conference of representatives of the mine operators, mine workers and the government.

HOLLAND VISITOR SPEAKS TO ROTARY

J. A. E. Verkade, Delegate to International Labor Conference Addresses Meeting Today.

CONFERENCE WORK OUTLINED

Uniform Working Conditions Sought for All Parts of the World.

At the regular meeting of the Rotary Club today, Mr. J. A. E. Verkade, of Zandam, Holland, who is the guest of Mr. T. S. Blish, while in Seymour, made an address outlining the work of the International Labor Conference, which has been meeting at Washington, D. C. Mr. Verkade is the president of the Dutch Employers' Association, and is one of the four delegates from Holland to the conference. There were thirty-one countries represented by delegates, each country sending four delegates and as many advisers as they wished. The four delegates were distributed so the two represented the government, one the employers and one the employees.

Mr. Verkade said that this conference is really a continuance of the labor conferences which were first held in 1901 at Berne, Switzerland, and have been held at intervals since that date. These conferences have resulted in many improvements of conditions for laboring men in many countries of the world. Prominent among these is the matter of insurance against accident and illness which in Europe is handled as a government affair instead of being handled privately as in this country.

Three important questions received consideration at the conference at Washington: the adoption of the eight-hour day as soon as possible uniformly throughout the world; the matter of child and woman's labor and hours; the matter of insurance against unemployment. He said that the feeling in Europe is that the United States wants the world to adopt the eight hour workday because it will lessen the strength of the competition which we have to meet in the world markets. Mr. Verkade said that from this observation in this country he does not believe this is the spirit of America.

In the matter of employment of children, the age of fourteen years met with general approval as the minimum age at which a child should be employed in factory work. The employment of women and children on night shifts was disapproved, and provisions were urged for the care of employed married women at the time of childbirth. In the matter of unemployment, plans of insurance were urged to care for times when a laborer was out of work through no fault of his own, nor of his employer, as in times like the coal strike has brought to this country when

MASSACRE OF 674 IN MEXICO REPORTED

Thousand Villistas Said to Have Murdered Carranza Forces—Rumors Are Denied.

NEW CAMPAIGN PLANNED

Wholesale Slaughter Alleged to Have Been Made to Avenge Death of Filepe Angeles.

By United Press El Paso, Tex., December 2—A sensational story of the slaughter of 674 Carranza soldiers by 1,000 Villistas is credited along the border today, despite official denial.

Vice-Consul Sandoval of the Mexican consulate at El Paso, after talking with the Juarez telegraph office today, emphatically expressed his disbelief of the reported massacre.

Several Chihuahua City arrivals here declared they witnessed heart rending scenes of mourning on the part of wives and relatives of the murdered Carranza forces. One of the last friends of General Filepe Angeles to be with the rebel leader before his execution declared the attack on the Carranza garrison was to avenge Angeles' death.

It was stated today that Villa is credited in northern Mexico with having 2,000 strongly armed followers. There has been rumors that Villa was planning to launch a new campaign.

SAY WORD FROM STEWART WOULD END STRIKE

"Strip" Coal Mine Operators Will Meet Saturday With Goodrich.

By United Press Indianapolis, Dec. 2—Indiana mine workers would return to work if Ed Stewart, president of the Indiana miners, would give them bona fide orders to do so, is the opinion of eighteen "strip" coal mine operators who conferred with Governor Goodrich today. These men believe that if Stewart would give these men orders to go back to work without his fingers being crossed, they would return, Governor Goodrich said, summing up the attitude of the meeting.

The governor said nothing definite was done at the meeting, but that there will be a meeting again next Saturday to take some action. In the meantime, the governor said, the operators will investigate conditions at the mine and make a detailed report to each other and to the governor at their next meeting.

PRESIDENT MAPS OUT PROGRAM OF RECONSTRUCTION

Message to Congress Devoted Entirely to Great Problems Confronting The Nation.

NATIONAL BUDGET SYSTEM

Recommends Revision of Income and Excess Profit Tax Growing Out of War.

By United Press Washington, December 2—President Wilson today sent to congress a message urging an extensive program of reconstruction legislation.

His communication was devoted entirely to the great problems confronting the nation.

President Wilson recommended: Establishment of a national budget system.

Simplification of income and excess profit taxes.

Legislation to secure employment and land for service men.

Laws to encourage increased crop production.

Protection for America's new chemical and dye stuffs industry.

Federal aid in the building of good roads.

Development of forest resources.

Enactment of attorney General Palmer's legislation for dealing with "reds."

Legislation for reducing cost of living and extension of the Lever act.

Laws to bring about democratization of industry including participation of workers in decision affecting their welfare.

Establishment of the principles regarding labor laid down in the League of Nations.

Though the president several times referred to the peace treaty and league of nations, he did not discuss the treaty situation. He will do so in a later message according to reliable information today. He also will deal later with the railroad question, he informed the legislators.

Much of the message was devoted to discussion of the labor problem.

To solve it, the president said, congress must now help in the difficult task of finding a way that will bring about a genuine democratization of industry based upon the full recognition of the rights of those who work in whatever rank to participate in some organic way in every decision which directly affects their welfare.

No better means of doing this can be found, the president declared, than by applying in legislation the principles set up in the labor section of the league of nations covenant.

To go back to old standards of labor and wages is impossible, he said. Age long antagonism between capital and labor must be ended before real work stability can be accomplished, he said. In this the United States, he said is bid by the world unrest to "put our own house in order" and "be the first to lay the foundation stones" of industrial peace. The president warned against anti-strike legislation.

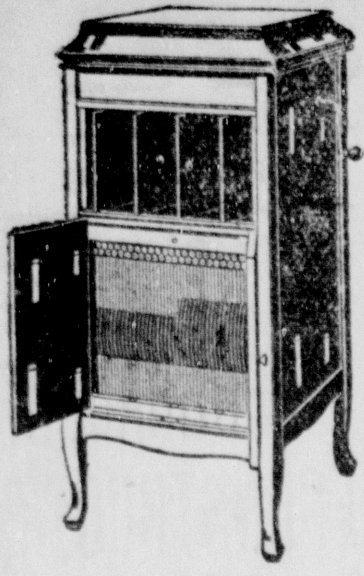

"The right of individuals to strike is inviolate," he declared, "and ought not be interfered with by any process of government." But he added that the government has the predominated power to protect all the people against the challenging aggression of any single class.

Analysis of labor's complaint, the president told the congress, shows that it is based on justice. Capital too, he declared, has a right to an adequate and the government, he warned, must never play capital and labor against each other.

The president suggested the establishment of a tribunal before which disputes between capital and labor can be taken for settlement.

THE "WORK SLACKER"

Having taken cognizance of the fact that increased production will materially aid in solving the high cost of living problem, the American Legion has undertaken the task of finding employment for all ex-service men. "Elimination of the work slacker" has been adopted as the slogan for the movement in which the former service men are co-operating with the same spirit of determination that characterized their splendid work on the firing line. There is no question but that too many men are idle. During the last twelve months between two and three million men, it is estimated, have been idle because of strikes and other industrial troubles. The decreased production because of this non-employment is appalling. At the same time these individuals suffer a loss from wages.

The American Legion has found that the great majority of its members are employed. Of those who are not engaged only a few are adverse to work. The organization has set out to find employment for those who desire to work and will deal with

the other cases as conditions warrant. The age when an individual could regard his time as his personal property to do with it as he pleased is gone. We are living in a co-operative age. Each individual is duty bound to contribute something to the common good. Life is too valuable to be wasted in idleness, especially at this time when there are such gigantic tasks to be performed.

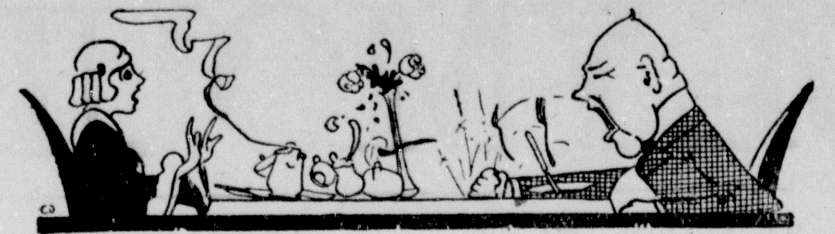

In commenting on the new program of the American Legion, Major General William G. Hann, assistant chief of staff, in charge of the war department's re-employment movement says:

"Today the American Legion has become an aggressive factor in getting jobs for our fighting men. They are extending the scope of their work so very rapidly that now this influence is felt in every state in the Union. While the original plan was for the members to co-operate in employment work, in many communities it has been necessary for them to take over the entire burden, because of the withdrawal of other agencies from the field. In every case they are meeting with the greatest success, and eventually the Legion will be the great standby of the soldier who needs assistance of any kind."

"If anyone still has any doubt in his mind as to the present attitude of the mass of discharged soldiers, I would advise him to go to any post meeting of the American Legion and say something against the government, advancing bolshevism, anarchy, or any other form of destruction. He will then quickly find that the ex-service man has not yet forgotten the art of fighting."

buyers. The stores will be closed at 5 o'clock each afternoon, except Saturday, instead of 6 o'clock. This is just one hour earlier and is the time of the day when business is not usually heavy.

The public is equally interested with the merchants and manufacturers in the movement to conserve coal. Householders also have a duty. The burning of unnecessary electric lights should be avoided and gas ranges ought to be used only when absolutely needed. It is only by general co-operation that the present difficulties can be overcome. The coal that is saved now will furnish light and heat when the fuel famine becomes more acute.

The buying public can co-operate in a large way with the merchants by buying during the morning. There are many advantages to early shopping. In the afternoons the stores

are usually crowded and it is a physical impossibility for the clerks to give the same service then as they would like to give and can give during the morning hours when the trade is lighter. The earlier closing will likely result in more general morning shopping.

Shop Mornings During December

WITH a Coal Shortage for the usual Christmas Rush of Business everywhere, the hours for service cannot be lengthened and no doubt must be shortened,—we beg of you to lend assistance by shopping mornings. You can get better service and give the clerks opportunity to serve more people during the day. Purchase your needs and lay them away now, as duplicate stocks will cost much more and in many instances we cannot get the goods at all.

HOLLAND VISITOR SPEAKS TO ROTARY

(Continued from first page)

many factories are compelled to close for lack of fuel.

Mr. Verkeade emphasized the interrelation which now exists among the countries of the world. His country for example was to receive 300,000 tons of coal from America before the first of next March, but this is now cut off, with the result that many factories in Holland will probably be obliged to close because of fuel shortage, and it is impossible or them to be supplied from any European country. He expressed his very great pleasure at the reception which has been accorded to him everywhere since he has been in this country. He finds conditions here very much the same as in Europe, the same spirit of unrest and the same uncertainty as to what the future may have in store. He looks with confidence toward the final readjustment which is now going on. The address was heard with great interest and appreciation by members of the club.

George F. Kamman presided and Albert H. Ahlbrand led the singing. One unusual feature of the music which was appreciated was a cornet solo by Reginald Brinklow. L. C. Griffiths, president, spoke briefly of the purposes of Rotary. C. H. Wiethoff presented Dr. G. G. Graessle a souvenir reminding him of his birthday which occurred today. A baby contest was conducted by Dr. A. G. Osterman in which the recently elected Rotarians, the baby members of the club, were called in line and required to answer certain questions as to the membership, purposes, code of ethics, activities and general requirements of the members of the Rotary Club. The members who took part in this exercise were John A. Shields, C. E. Edmondson, Walter Voss, Charles D. Hardin, I. L. Frost, Dr. George Rader, Charles Moore, and Ed Petterman.

SAYS TRUTONA JUST AS REPRESENTED

Mr. Huskins of Eaton Says That It Did Him so Much Good He Will Recommend It.

CLAIMS TOOK ONLY SHORT TIME

"I Know of No Better Medicine for Ailments Such as Mine," He Said.

Muncie, Ind., Dec. 2.—Among the scores of people who are praising Trutona because it has proved to just as represented, is Mr. John Huskins, a well known farmer of Eaton, near here.

"Yes, sir," Mr. Huskins said a few days ago, "Trutona has done just what it was recommended for in my case. I don't know of a better medicine for ailments such as mine."

"Three years ago I began to have trouble with my stomach. My food seemed to have no taste to it and almost invariably after eating I would feel bloated and have to belch annoyingly. I also suffered from neuralgia pains in the back of my head and was short of breath at times. I had rheumatic pains in my right hip too. I always felt tired and draggy and did my work only because I had to."

"Trutona has done so much good for me in such a short time that I am willing to recommend it to anyone who is suffering as I did. Although I have taken only one bottle of it I feel much stronger and better already. I actually feel like working nowadays. My appetite has improved immensely and I don't feel bloated or have to belch after meals anymore. The pains in the back of my head have been relieved. Trutona has relieved my rheumatism, too, and I'm only too glad to recommend this medicine."

Trutona is now being introduced and explained in Seymour at W. L. Federmann's Drug Store.

Uniformity

Uniformity is the secret of success of any good product.

It's the reason Willard Batteries with threaded Rubber Insulation are making such a wonderful record of long life without repairs.

Ordinary materials used for insulation between battery plates are taken just as they come from nature and can't be made uniform by any process.

But threaded Rubber Insulation is built up by a scientific manufacture. Every piece of it is like every other and almost invariably Threaded Rubber lasts as long as battery plates.

No wonder many of these batteries have given three and four years of uninterrupted good service.

Brighten Old Rooms

When new houses are hard to find, and families have to dwell in crowded quarters, or are forced through circumstances to abandon for a time dreams of a new home, it's time to freshen up an old room or two with new furniture.

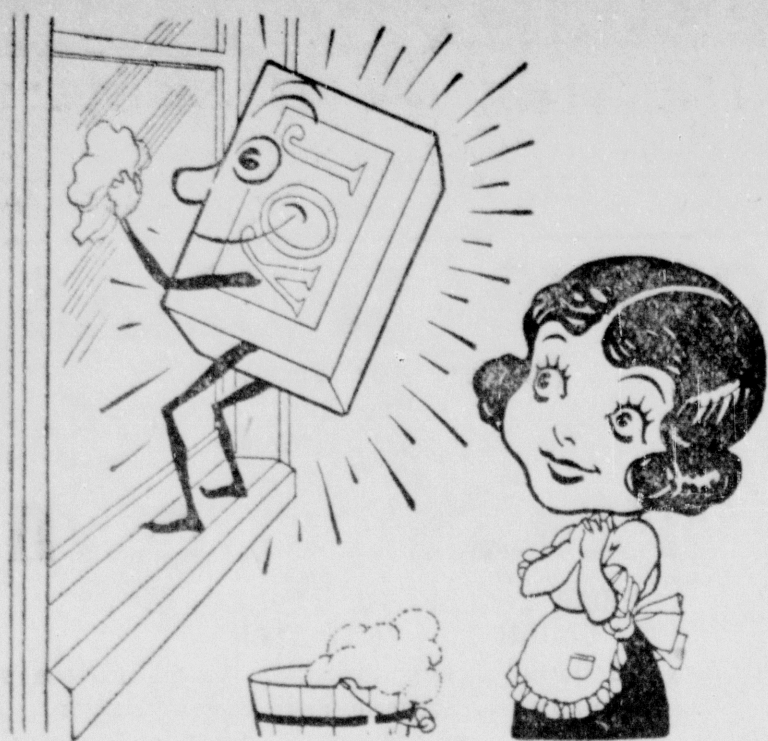

Designers of great skill have had built into our delightful suites the brightest, finest characteristics imaginable. Rare beauty may be seen in all the new arrivals, and there are individual pieces here which are the embodiment of grace.

Black satin-like walnut, gleaming mahogany, old ivory,—all these and others were employed in the manufacture of this newest display. There are bed-room suites to delight the most discriminating of women. Pieces are light and easy to move, attractive in the extreme because of their graceful, easy lines.

There are dining suites of unusual design. Adaptions of the classic styles popular long ago. Tables of distinctive shape and construction, as well as exquisitely formed side-boards are most pleasing in the novel touches they lend the suites.

All over the store, you will find clever articles of furniture or unique pieces which will lend a new and freshening charm to any room in your home. A small outlay can work real wonders when it comes to gaining a bright and dashing appearance in quarters which are perhaps a bit dingier than you would have them.

joy keeps women young and beautiful!

HARD work ages women. The daily house chores, often distasteful, are the telling destroyers.

Why don't you let Joy into your home to do the hard work? Joy, a cool, firm, white soap, goes after pots and pans, dishes and windows, bath tubs and floors, in such a hearty manner that they fairly bristle with brightness! And, my! how clean and sweet the laundry is after washing with Joy!

You never saw anything clean as easily and quickly. There's no scrubbing necessary—just rub a little and Joy disintegrates the dirt, grease and grime almost instantly.

And economical! Joy lasts longer, does the job in less time and better. It doesn't get soft and sticky when wet, either. It's just a plumb everlasting good household soap, working like a wizard all the time. You'll sure like it. Ask your grocer today.

Hamilton and Saunders Meeting.

Fine crowd for the Monday night spiritual meal in the strength of which men and women are going out into the highways and byways and constraining men and women to attend meetings regularly. Hamilton's sermon was conducive to a stimulation of spiritual appetite. Question is when men see the good of the life of Christ and they say of Christ "I can trust Him" because of what I saw. Can Christ because of such trust, on sight, say of them "I can trust them?" The answer is, No! Faith is the motive that pleases God

not sight. So, men and women becoming members of churches for sight gains please not man or God. India has rice Christians to deal with and so has America. The individual who has no vital Christian experience as a professed follower of Christ is a dried up fossil.

Christ is worthy of trust and no blatant infidel can point out any inconsistencies in Him. But can Christ trust us? Trust us? Trust me? Moving member can Christ trust you to place your membership? What of the past? Easier to move your membership than stove. You never fail

to move it. Give God a chance to trust you. Be in your seat Tuesday night with a friend by your side. Do your part."

If you like good music don't fail to hear Evangelist Saunders. The song service each night is both helpful and inspirational. You can't keep from wanting to sing.

Saunders possesses a pleasing personality, an earnestness and devotion that carries with it a spirit of worship. He sings messages into the hearts of his hearers. He possesses a rich, melodious, baritone voice of exceptional range. Once heard you'll want to repeat. Be there tonight Tuesday, one of the crowd.

Mr. and Mrs. L. Mohler, who have been the guests of Mr. and Mrs. M. Fox, left this morning for Lebanon.

A. R. Enos' Bulletin

On November 29th I received a car load of the nationally advertised Purina Feeds, known everywhere by the checkerboard bags.

Contained in this car was the leading dairy feed known as Purina Cow-Chow a 24 percent Protein feed; Fatena the ideal steer fattener; Purina Pig-Chow a hog feed containing tankage in correct proportions; Purina Scratch feed and Purina Chicken-Chowder, the unsurpassed winter egg producing combination; and Purina Molasses Feed, the economical feed for horses.

I also have on hand a full supply of 16 percent Protein Dairy feed; Green Corss Molasses feed; Schumaker, the ideal pig feed; Corn feed meal; ground rye; Bull's Eye; Buck-eye Mixed feed and Rydis Calf meal. I also have two car loads of the well known "King Midas" and "Ariston's Special" flour, which are still priced at attractive prices.

Call and look over this the largest assortment of guaranteed feeds in Southern Indiana, and get my prices.

I am in the market at all times for all farm products at highest market prices, and will give the farmers a Square Deal at all times.

STORES PREPARING FOR HOLIDAY RUSH

(Continued from first page)

that they would be filled. However, the majority of dealers here have been very fortunate in this respect. They report that they bought heavier than usual with the expectation that some of their orders would not be delivered. Some few lines have not been delivered, but the extra orders filed have more than offset the goods which were not available.

The merchants are entering upon the holiday season with an exceptionally attractive line of goods. Every want of the public can be supplied by the local firms. But right here is where the necessity of early buying enters upon the scene. In former years goods have been plentiful, manufacturers and jobbers have been anxious to sell and repeat orders which were filed late were taken care of readily. This year, however, no assurance is given that "fill in" orders will be delivered. The demand is greater than the supply and jobbers are having difficulty in filling orders which were filed several weeks ago. This condition means that when the present Christmas stocks are depleted there is little likelihood that the goods can be duplicated, and even if the merchandise is available for rush orders the price will be considerably more.

The shopper who visits the stores while the stocks are complete will not only get the advantage of the large assortments but will profit by the present prices. Delayed Christmas buying may bring disappointment if the consumer finds that the very article which he desired and had counted on is not available and cannot be purchased even by special order. Many shoppers have realized this condition and are buying their Christmas gifts now. They do not intend to run the risk of being disappointed later.

The merchants desire to co-operate with the public in any way they can. Service and satisfaction count in a big way with the dealer who is endeavoring to enlarge his trade by pleasing his customers and providing for them just what they want. It is with this in mind that he advocates early buying this year. He has more in mind than the small profit that is made from the sale of an individual article of merchandise. The merchants are doing their part in en-

"COMPLETELY DISCOURAGED"

Is the feeling and plaint of women who are "run-down" so low that work drags, head aches, back aches, dragging down feelings, dizzy, pale and weak, little things annoy and "everything goes wrong."

Look the other way just a minute and see what Dr. Pierce's Favorite Prescription has done for more than a million women in the last fifty years.

What it has done for others it can do for you.

A helping hand to lift up weak, tired, over-taxed women—that's what you'll find in Dr. Pierce's

Favorite Prescription. It gives you just the help that you need. To be had in liquid or tablets. Tablet form, 60 cents, at all drug stores.

Frankfort, Ind.:—"At different times while raising my family whenever I felt in need of a tonic, I have taken one bottle of Dr. Pierce's Favorite Prescription and have been strengthened—my whole system would tone up almost at once.

"I would recommend the use of Dr. Pierce's Favorite Prescription by all women at run-down and nervous periods."

—MRS. THOS. EDWARDS, 457 W. Morrison St.

Gary, Ind.:—"Dr. Pierce's Favorite Prescription helped me and that some other women who have suffered may be benefited. I am glad to tell just what it did for me. A couple of years ago I began suffering with women's weakness. I had severe backaches, became very weak and nervous, could not eat nor sleep well. I doctored but did not get better under the treatment. At last I began taking the 'Favorite Prescription' and it made a well woman of me and in less than six months I was stronger than I had ever been."

couraging early buying. They are already advertising their stocks as a means to assist the customer in making selections. They are decorating their stores to carry out the Christmas spirit. The public is given every advantage possible and by co-operation between the customer and the merchant the wants of the public can be supplied with the same degree of satisfaction that has characterized the holiday business season in the past.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

"Everything Is Ready"

A man's heart is very near his stomach. Light, home-made bread and a good dinner are sure to please him after a hard day's work. Use Valier's Enterprise Flour and do full justice to your cooking ability. It produces results impossible to secure with flour of less exceptional quality.

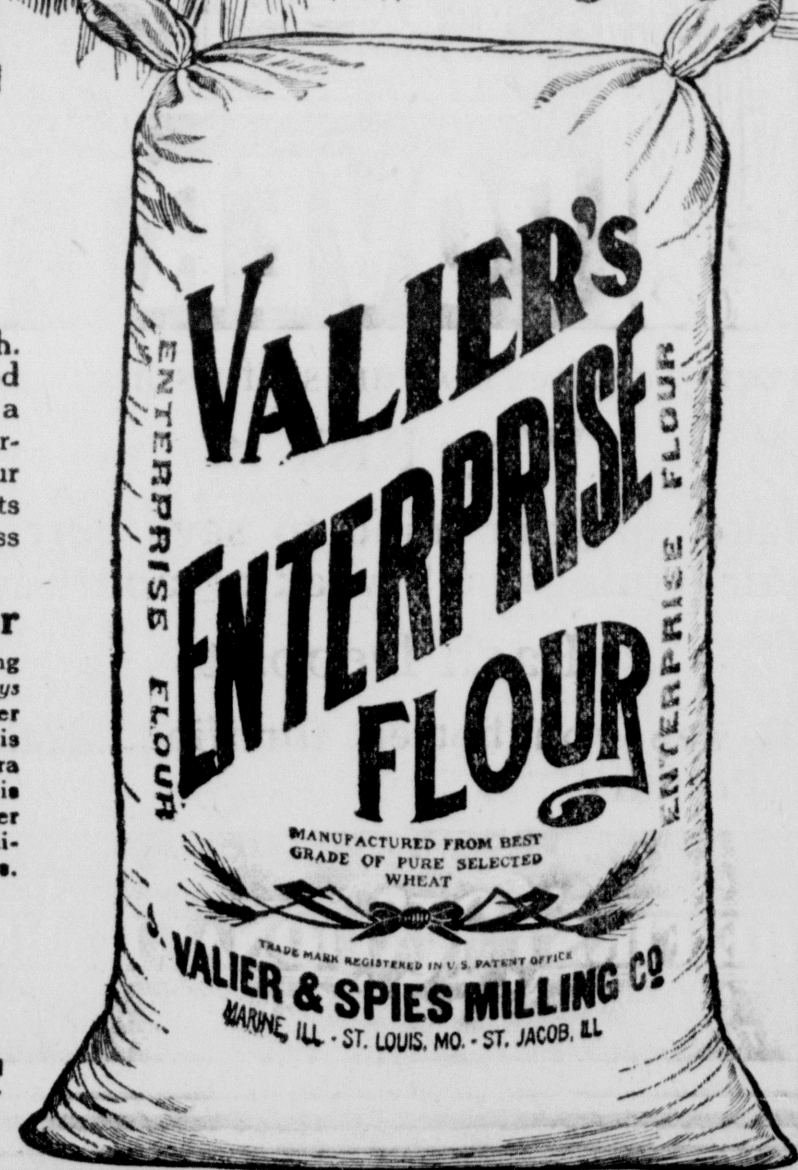

Valier's Enterprise Flour

is milled slowly and retains all the baking possibilities of the wheat. Its quality is always maintained. We use only selected hard winter wheat of high gluten content. Such wheat is scarce this year and we have to pay an extra high premium for every bushel we use. This makes Valier's Enterprise Flour cost more per sack than ordinary brands, but it is economical because it gives you more and better bakings.

Call up your grocer and order a sack today.

Greatest Discovery of Medical Science

Science has proved that the body is only a collection of cells and that Nature requires twelve cell-salts to keep the cells of the body in perfect health.

It has been demonstrated that these cell-salts not only build, nourish and repair the cells, but govern the health and vitality of the tissue, nerve, blood, bone and brain, of which the cells are a part.

These cell-salts attract and retain the oxygen as it passes from the lungs into the blood, and by their presence in the cells repair, nourish, revitalize and maintain the vigor vitality, health and energy of the cells, of the blood, tissues, nerves, veins, arteries, bones, muscles and brain.

For many years Dr. A. L. Reusing has conducted an exhaustive series of experiments in his chemical laboratory to combine the phosphates of calcium, sodium and iron with the phosphates of potassium and magnesium, in a perfect solution, ready for prompt assimilation, so that a rapid increase in the number of red blood cells and a greater percentage of hemoglobin are produced in the blood.

Dr. Reusing recently announced that a perfect combination of the revitalizing cell-salts has been obtained and that clinical tests in his professional practice have demonstrated beyond the slightest question that the formula which he named Reolo brings back the cells of the body to health, restores their vitality and enables the diseased cells to again perform their functions. It gives the cell protoplasm renewed life and energy, tones the exhausted nerve cells, rapidly increases the red blood cells, controls the warring forces of life and decay, always contending for mastery in the cells of the body, and by its power of cell nutrition and reconstruction checks the slow, gradual decay of the vital forces.

REOLO is sold in sealed packages, containing 100 pleasant, tasteless tablets, sufficient for two weeks' treatment. It only costs one dollar a package and is positively Guaranteed to give beneficial results or your money will be refunded.

REOLO is sold in..... by..... Licensed Distributor for the Dr. A. L. Reusing Laboratories, Akron, Ohio.

BUYS CONFECTIONERY STORE AT NORTH VERNON

Arthur Jackson Resigns Position at Federmann's Drug Store to Engage in Business.

Arthur Jackson, who for several years has been employed at Federmann's Drug Store, has resigned his position to take charge of a confectionery business which he recently purchased at North Vernon. The business purchased by Mr. Jackson was established at North Vernon several years ago and is known as the Amick Confectionery. Mr. Jackson has had experience in the confectionery business and his friends here predict that he will be successful in his new undertaking. Mr. Jackson took over the business Monday and has closed it until Saturday during which time he will make some improvements but will open the store for business Saturday.

EARLIER CLOSING ORDER IS GIVEN (Continued from first page)

local conditions as they are affected by the coal strike. Mr. Frost stated that with the business in the city closed at 5 o'clock each afternoon except Saturday, the coal pile at the power plant could be made to last a number of days longer than it would if business continues to follow the usual hours. It was pointed out by Mr. Frost that the most fuel is burned between 4 and 8 p. m. each day at which time the heaviest load is carried by the light plant. Mr. Frost stated that shorter business hours meant a loss financially to his company but it is his desire to prolong much more strenuous closing hours as long as possible and it is believed they can be averted by commencing with a small saving now. Before closing Mr. Frost informed those present that if conditions begin to improve and if the company has an opportunity to get another supply of coal, that the public would be notified and every one could burn as much electricity as necessary. However, he stated that unless some action was taken here to comply with that of other cities in helping to conserve fuel it would be impossible to get assistance in case the local plant ran entirely out of fuel. It is Mr. Frost's opinion that if Seymour shows a spirit to help conserve fuel now and the local plant gets out of coal later it will be able to receive some assistance from other cities that are in a better condition because of conservation methods.

The matter of an earlier shutdown by power users was discussed to some extent at the meeting Monday evening but it has been decided to withhold action until further notice is received from state authorities. Mayor Burkart received a telephone call late Monday afternoon stating that he would receive instructions regarding power users by mail today but so far he has not received them. The forming of a schedule to be complied with by power users will be withheld pending further instructions from the state authorities.

Maxwell is but another name for Quality

THE goodness, the efficiency, the quality in previous Maxwells created a demand for the current Maxwell which 100,000 cars (the number now being built) cannot satisfy.

More miles per gallon
More miles on tires

100,000 axles is constructed.

Consider the vast use of capital it requires to turn them out—300 a day.

Estimate the confidence the Maxwell executives had in the Post-War model to rest the future of the Maxwell name on a year's production like 100,000.

They knew; 300,000 previous Maxwells had told them; the public was their judge.

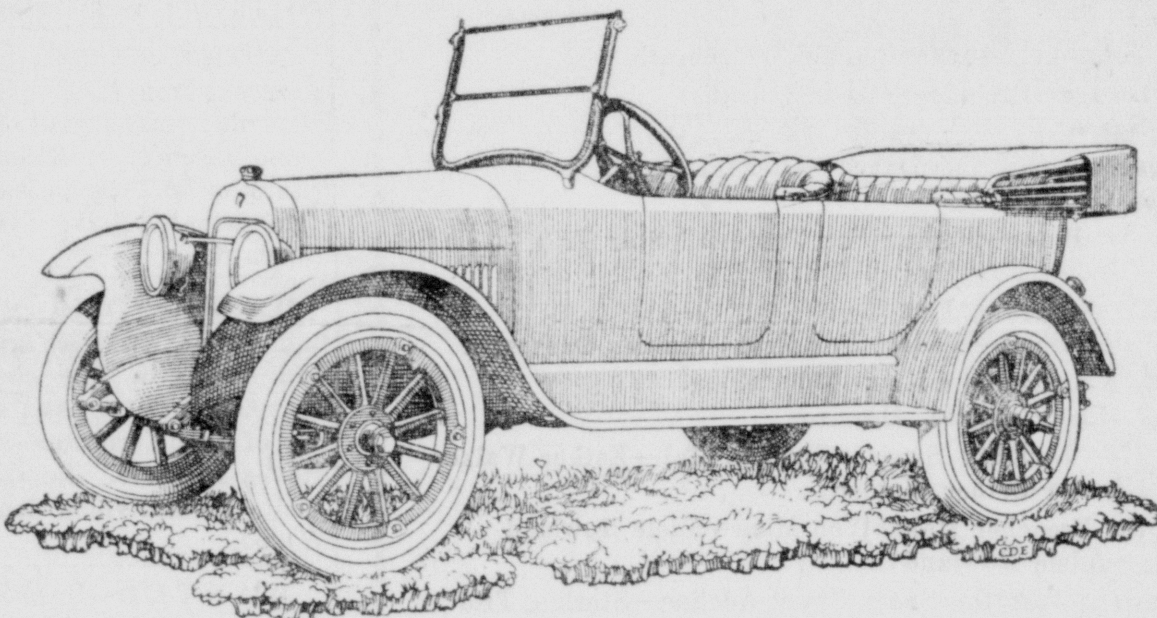

You can look for high engine efficiency, or merely comfort, or long mileage on gas and tires, or improvements the war developed, or style, or value—you'll find it in the Post-War Maxwell.

JUDGE DECIDES IN FAVOR OF VERNON (Continued from first page)

erning the election was not complied with and it was on that ground that he rendered the decision in favor of Vernon.

North Vernon people are said to be up in arms over the decision rendered by Judge Mace and attorneys

for that city have been instructed to make preparations immediately to take the case to a higher court. North Vernon people contend that the election was conducted according to law in every particular and that anti-removalists and their attorneys are using every effort possible to delay the removal of the Jennings county court house from Vernon to North Vernon as long as possible.

Judge John M. Lewis, of this city, is the leading counsel for the Vernon faction and is being assisted by Thomas Daily and George Bachelor, two Indianapolis lawyers. The court house fight in Jennings county has been on for a number of years and the final outcome of the case is being watched by many people in this city as well as residents throughout Jackson county.

NEW TREATMENT THAT KNOCKS RHEUMATISM

75c BOX FREE TO ANY SUFFERER

Up in Syracuse, N. Y., a treatment for rheumatism has been found that hundreds of users say is a wonder, reporting cases that seem little short of miraculous. Just a few treatments even in the very worst cases seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid and lime salt deposits in the blood, driving all the poisonous clogging waste from the system. Soreness, pain, stiffness, swelling just seem to melt away and vanish. The treatment first introduced by Mr. Delano is so good that its owner wants everybody that suffers from rheumatism or who has a friend so afflicted, to get a free 75c package from him to prove just what it will do in every case before a penny is spent. Mr. Delano says: "To prove that the Delano treatment will positively overcome rheumatism, no matter how severe, stubborn or long standing the case, and even after all other treatments have failed, I will, if you have never previously used the treatment, send you a full size 75c package free if you will just cut out this notice and send it with your name and address with 10c to help pay postage and distribution expense to me personally." F. H. Delano, 1248 Griffin Square Bldg., Syracuse, N. Y. I can send only one Free Package to an address. N25-d2

Dainty, Soft, White Hands

No PREPARATION for hands is more effective than HESS Witch Hazel Cream. It soothes and heals tender, chapped hands—making them soft and smooth. It prevents the hands from becoming rough and red after dishwashing and other household duties. It smoothes out wrinkles and makes the hands dainty, soft and white.

Get a bottle of HESS Witch Hazel Cream from your druggist today. The whole family needs it. Dad will enjoy it as an after-shaving lotion, and the kiddies need it to heal their chapped hands and cracked lips that come from outdoor play in winter-time.

A big, long-lasting bottle for only 35 cts

FINDS SOMETHING TO DO THE BUSINESS

"I tried everything that I heard of for the stomach and bowel trouble and bloating, but got no permanent help until I struck Mayr's Wonderful Remedy, and that did the business. My son in Canada has also taken it and writes it has done him a lot of good." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At Druggists Everywhere.

Howard Burkley, who has been here on account of the illness of his mother, Mrs. W. H. Burkley, returned to his home in Logansport this morning.

MAKES FEET FEEL FINE!

The instant you apply a little strip of soothing Red Top Callous Plaster to that sore, "achey" callous, corn or bunion, you'll forget your foot troubles.

RED TOP CALLOUS PLASTER

removes hard growth by painless absorption, takes out swelling, soreness, pain and you walk with comfort from the start. RED TOP is the sure, safe way to foot comfort—it's simple, easy to apply, comforting to wear. Sure relief or money back. Many applications in the "handy roll." Sold by

DIAMONDS

WE are noted for our selection of diamonds. This is really "The Diamond Store".

Just as a gold certificate or a gold dollar is a set standard of value, so does the diamond signify affluence, wealth, material success. Anyone may own diamonds who recognizes that they are an investment. You simply WEAR the money.

Diamonds are worth more to-day and are more generally admired and sought after than ever before.

Come and see our selection. We take great pride in our collection of these precious stones.

Then there are the famous W.W.W. gem set rings—ideal for gifts and wisely covered—for your benefit, by a fulfilled Guarantee.
